

When to send in your logs...

Please return your logs as soon as possible after your trip. If you observe something that needs immediate attention, please contact us at (207) 761-8225 or stewards@mita.org.

Maine Island Trail Association
100 Kensington St, 2nd Floor
Portland, ME 04103

How to fill out your Report

Please make an entry on your log each time you pass by or land on a MITA island. We are looking for the following numerical data:

- the number of day-users and campers (do not include yourself) and whether they are individuals or groups; if you see an organized group, indicate their "type" (e.g. camp, boy scouts, schooner, outfitter, etc.) under comments
- the total number of tents (including yours).
- the number and type of boat(s) beached or anchored by the island (do not include yours).

In addition, please use the comments section to provide details about:

- the overall condition of the island and its use areas, the presence of wildlife or nests, other visitors, unauthorized fire pits, human waste, tree limbing, etc.
- any inaccuracies, additions, or suggestions regarding the Guidebook site description.
- impressions, insights, or other anecdotes that we can share with the island owners.

This information helps us assess impacts of recreational use and informs reports to site owners. Thank you for helping us care for the islands!
